JAINDI EXPORT (PVT) LTD

www.econutrena.com

ABOUT US

At **Jaindi Exports (Pvt) Ltd**, we stand as a beacon of excellence in Sri Lanka's coconut-based food and beverage manufacturing and exporting sector. With an unwavering commitment to quality, innovation, and sustainability, our company operates under the globally recognized brand name '**econutrena**'.

Founded on the principles of delivering premium products that meet international standards, we have carved a niche in the global market by providing an extensive range of coconut-based and complementary products. Our portfolio spans organic and conventional options, tailored to meet the diverse needs of our valued customers worldwide.

Driven by a vision to be a leader in the industry, we embrace sustainable practices and advanced manufacturing techniques that ensure both product excellence and environmental responsibility. From sourcing the finest raw materials to offering eco-friendly packaging solutions, every step in our process reflects our dedication to quality and sustainability.

With a strong presence in over 65 countries, **Jaindi Exports (Pvt) Ltd** continues to be a trusted partner for customers seeking innovative, premium-quality products that deliver the authentic flavors and natural goodness of Sri Lanka.

Join us in our journey to redefine global standards for coconut-based products, and experience the excellence of **econutrena** – where tradition meets innovation.

VISION

To become a globally recognized leader in premium coconut-based food and beverage manufacturing, setting benchmarks in innovation, sustainability, and quality, while enriching the lives of our consumers and fostering long-term partnerships worldwide.

MISSION

To deliver superior-quality coconut-based products that cater to diverse global needs through sustainable practices, innovative solutions, and a commitment to excellence, while ensuring the wellbeing of our stakeholders and minimizing our environmental footprint.

SUSTAINABILITY & BIODIVERSITY

At **Jaindi Export (Pvt) Ltd**, sustainability and biodiversity are integral to our business philosophy. As a leading manufacturer and exporter of coconut-based products, we recognize our responsibility to protect the environment, preserve biodiversity, and contribute to the well-being of future generations.

OUR COMMITMENT TO SUSTAINABILITY

We integrate sustainable practices at every stage of our operations:

- **Eco-Friendly Sourcing:** *We prioritize sustainable farming practices, partnering with suppliers who adhere to organic and ethical cultivation methods.*
- **Waste Minimization:** *Through innovative production processes, we maximize resource efficiency and minimize waste.*
- **Renewable Energy:** *A significant portion of our operations is powered by renewable energy sources, reducing our carbon footprint.*
- **Sustainable Packaging:** *We offer biodegradable and recyclable packaging options to minimize environmental impact.*

PRESERVING BIODIVERSITY

Sri Lanka's rich biodiversity is a treasure we are committed to preserving. Our initiatives include:

- **Agroforestry Support:** *Encouraging farmers to maintain diverse agricultural systems that promote soil health and ecosystem balance.*
- **Wildlife Conservation:** *Collaborating with local organizations to protect natural habitats and endangered species.*
- **Soil and Water Conservation:** *Implementing practices that prevent erosion, maintain soil fertility, and safeguard water resources.*

COMMUNITY ENGAGEMENT

Sustainability extends beyond environmental efforts. We actively invest in local communities, empowering farmers through training in sustainable farming methods, fair wages, and ethical trade practices.

By championing sustainability and biodiversity, **Jaindi Export (Pvt) Ltd** ensures that our products not only meet the highest quality standards but also contribute positively to the planet and its people. Together, we are building a future where business success and environmental stewardship go hand in hand.

OUR CERTIFICATIONS

At **Jaindi Export (Pvt) Ltd**, we pride ourselves on adhering to the highest global standards in food safety, quality, and sustainability. Our comprehensive certifications reflect our commitment to excellence, ensuring that our products meet the rigorous demands of international markets while aligning with ethical and environmental practices.

Our certifications include:

- **USDA Organic, EU Organic, Canadian Organic, JAS** – *Ensuring organic integrity across multiple international markets.*
- **Fairtrade & Fair TSA** – *Promoting ethical trade practices and fair working conditions.*
- **BSCI & SMETA** – *Demonstrating our commitment to social responsibility and ethical business practices.*
- **BRC (British Retail Consortium)** – *Recognized for excellence in global food safety standards.*
- **Naturland** – *Upholding sustainable and organic agricultural practices.*
- **ISO 22000 & ISO 14001** – *Excellence in food safety management and environmental management systems.*
- **Kosher & HALAL** – *Meeting diverse dietary and religious requirements worldwide.*
- **IFS (International Featured Standards)** – *Excellence in food safety and quality assurance for global markets.*
- **FDA (U.S. Food and Drug Administration)** – *Compliance with U.S. food safety regulations.*
- **SGS, ICS** – *Third-party validation for quality, compliance, and sustainability.*

These certifications underscore our unwavering dedication to producing premium-quality products while maintaining transparency, ethical practices, and sustainability throughout our operations. By choosing **Jaindi Export (Pvt) Ltd**, you are partnering with a trusted and certified industry leader.

COCONUT ICE CREAM

Manufactured in a health assured environment by plying standardized methods handled by the expertise of a professional staff, we have introduced coconut ice cream to the market as a solution to all the health issues that emerge with high calories and excessive fat. Coconut Ice cream is a favorable frozen dessert made out of pure coconut milk introduced as a vegetative alternative for ice cream made out of cow's milk. It eases the digesting process with its high amount of dietary fiber and flavors that prevent constipation causing any lactose allergy.
